

WHICH T-REX TAPE IS RIGHT FOR YOUR JOB?

**Extreme real-world test:
Tape not weight-rated
for towing applications.*

BRUTE FORCE[®]

The strongest duct tape on the market, period.

IDEAL FOR:

- Lifting, securing, bundling tools and heavy building supplies
- Lifting heavy tools and building supplies
- Securing and bundling in place of rope or chain
- General repairs

FEATURES:

- Built with Forge-Link™ Technology, an extremely strong tensile cloth
- One loop holds 700+ pounds of weight
- Durable waterproof backing and aggressive high tack adhesive
- Too tough to tear by hand

T-REX[®] TAPE

High-powered duct tape with aggressive double-thick adhesive.

IDEAL FOR:

- Repairing tears — truck seats, boots and more
- Bundling building materials
- Attaching tarps and sheathing outdoors
- Masking extremely rough surfaces like brick, concrete, wood and vinyl

FEATURES:

- Made with UV-resistant materials to prevent the sun weakening the tape adhesive
- Heavy-duty knit cloth for high-tensile construction
- Sticks to rough, dirty surfaces through all weather types and temperatures
- Available in black, gray, white, orange and camouflage

CLEAR REPAIR TAPE

The same aggressive adhesive as T-Rex Tape, but in crystal clear.

IDEAL FOR:

- Discreet repairs on clear surfaces, including fiberglass and plastic.
- Repairing cracks in headlights and cell phone screens

FEATURES:

- Sticks to rough, dirty surfaces across a wide range of temperatures
- Long-lasting holding power and a durable puncture-resistant backing
- Waterproof, and UV-resistant seal to almost any repair
- Won't break down or yellow over time

WATERPROOF TAPE

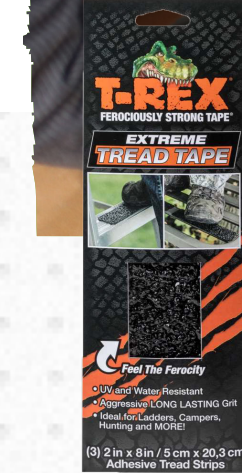

Waterproof adhesion, even in extreme conditions.

IDEAL FOR:

- Patching and sealing indoor or outdoor surfaces, including wet surfaces
- Temporarily stopping leaks
- Temporary repairs to flashing, roofing and plumbing

FEATURES:

- Built with R-Flex Technology™, so it can stretch up to 700% of its original length
- Can be applied underwater and pushed into cracks and rough, dirty surfaces
- Can withstand extreme temperatures from -70°F to 200°F
- UV-resistant formulation won't break down under harsh sunlight

EXTREME TREAD TAPE

Aggressive industrial-quality grip tape.

IDEAL FOR:

- Traction, grip and improved surface friction on a variety of surfaces like steps, walkways, truck runnerboards and trailers

FEATURES:

- Heavy-duty, pressure-sensitive adhesive
- Meets and exceeds OSHA and ADA federal recommendations
- UV and weather resistant, with a temperature range of -40 °F to +220 °F
- Multi-layer grit embedding process for long-lasting wear

MOUNTING TAPE

Heavy-duty mounting tapes.

IDEAL FOR:

- All-weather mounting and holding of items like tool shelves, house numbers, mail boxes and security cameras

FEATURES:

- Works on a variety of surfaces and in different types of weather
- Can be used all year round
- Available in extreme hold black and clear
- Excellent replacement for glue, nails and screws
